#### 45. COMPARISON AND SUBSTITUTION OF BILLS

45.1 A House bill, after its first reading, must be referred as follows, unless there is a motion by the Chair of the Committee on Rules and Administration or a designee of the Chair or objection under Rule 4.9:

(a) ~~If there is no Senate companion bill, the House bill must be referred to the appropriate standing committee.~~

~~(b) If there is a Senate companion bill, the House bill must be referred to the standing committee possessing the Senate companion. If there is not a Senate companion bill on the Calendar or the Consent Calendar, the House bill must be placed on a list of House files that have been given their first reading and are awaiting comparison, called the Comparison Calendar. The Secretary shall list House bills in numerical order. The Chair of the Committee on Rules and Administration, or a designee of the Chair, may move that a House bill on the Comparison Calendar be referred to committee.~~

~~(b) The House bill must be given its second reading after its Senate companion bill has been given its second reading, but not on the same day the House bill was given its first reading unless an urgency is declared.~~

~~(c) When the Senate companion of a House bill on the Comparison Calendar is placed on the Calendar or the Consent Calendar, or if the Senate companion bill has been reported to the Senate is already on the Calendar or the Consent Calendar when the House bill is given its first reading, the House bill must be referred to the Committee on Rules and Administration, which shall report whether the House bill is identical to the Senate companion bill. If the bills are identical, the report must recommend that the House bill be given its second reading and substituted for the Senate companion bill and the Senate companion bill be indefinitely postponed. If the House bill is not identical to the Senate companion bill, the report of the committee must recommend an~~

amendment to the House bill that when adopted will render the House bill identical to the Senate bill. Upon adoption of a committee report containing the proposed amendment, the House bill as amended must be ~~given its second reading and~~ substituted for the Senate companion bill and the Senate companion bill must be indefinitely postponed.

(d) If a Senate bill is considered as a special order and its House companion bill is on the Comparison Calendar, before final passage the Senate bill must be indefinitely postponed and its House companion bill taken from the Comparison Calendar and substituted for the Senate bill. If the bills are not identical, the Secretary shall recommend an amendment to the House bill that when adopted will render the House bill identical to the Senate bill.

45.2 The Secretary shall prepare and submit reports under this rule on behalf of the Committee on Rules and Administration.

45.3 A House bill placed on the Calendar by substitution must not be given its third reading on the same day as the substitution.

Senator Kiscaden moved to amend Senate Resolution No. 4 as follows:

Page 1, after line 12, insert:

~~"7.7 After the adoption of a resolution by the Senate or the Committee on Finance, an amendment to a bill is out of order if it would cause any of the limits specified in either resolution to be exceeded. Whether an amendment is out of order under this Rule is a question to be decided in the Senate by the President and in committee by the committee chair. In making the determination, the presiding officer may consider:~~

- ~~(1) the limits in a resolution;~~
- ~~(2) the effect of existing laws on revenues and appropriations;~~
- ~~(3) the effect of amendments previously adopted to the bill under consideration;~~
- ~~(4) the effect of bills previously recommended by a committee or bills previously passed in the legislative session by the Senate or by the Legislature;~~
- ~~(5) whether appropriation increases or revenue decreases that would result from the amendment are offset by decreases in other appropriations or increases in other revenue specified by the amendment; and~~
- ~~(6) other information reasonably related to appropriation and revenue amounts."~~
