"Sec. 2. Minnesota Statutes 2013 Supplement, section 297B.01, subdivision 16, is amended to read:

Subd. 16. **Sale, sells, selling, purchase, purchased, or acquired.** (a) "Sale," "sells," "selling," "purchase," "purchased," or "acquired" means any transfer of title of any motor vehicle, whether absolutely or conditionally, for a consideration in money or by exchange or barter for any purpose other than resale in the regular course of business.

(b) Any motor vehicle utilized by the owner only by leasing such vehicle to others or by holding it in an effort to so lease it, and which is put to no other use by the owner other than resale after such lease or effort to lease, shall be considered property purchased for resale.

(c) The terms also shall include any transfer of title or ownership of a motor vehicle by other means, for or without consideration, except that these terms shall not include:

(1) the acquisition of a motor vehicle by inheritance from or by bequest of, or transfer-on-death of title by, a decedent who owned it;

(2) the transfer of a motor vehicle which was previously licensed in the names of two or more joint tenants and subsequently transferred without monetary consideration to one or more of the joint tenants;

(3) the transfer of a motor vehicle by way of gift from a limited used vehicle dealer licensed under section 168.27, subdivision 4a, to an individual, when the transfer is with no monetary or other consideration or expectation of consideration and the parties to the transfer submit an affidavit to that effect at the time the title transfer is recorded;

(4) the transfer of a motor vehicle by gift between:

- (i) spouses;
 - (ii) parents and a child; or
 - (iii) grandparents and a grandchild;
- (5) the voluntary or involuntary transfer of a motor vehicle between a husband and wife in a divorce proceeding; or
- (6) the transfer of a motor vehicle by way of a gift to an organization that is exempt from federal income taxation under section 501(c)(3) of the Internal Revenue Code when the motor vehicle will be used exclusively for religious, charitable, or educational purposes."

And when so amended the bill do pass and be re-referred to the Committee on Judiciary. Amendments adopted. Report adopted.

Senator Marty from the Committee on Environment and Energy, to which was referred

S.F. No. 1747: A bill for an act relating to environment; modifying environmental review requirements for biorefinery using cellulosic feedstock; amending Minnesota Statutes 2012, section 116D.04, subdivision 2a.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2012, section 116D.04, subdivision 2a, is amended to read:

Subd. 2a. **When prepared.** Where there is potential for significant environmental effects resulting from any major governmental action, the action shall be preceded by a detailed environmental impact statement prepared by the responsible governmental unit. The environmental impact statement shall be an analytical rather than an encyclopedic document which describes the proposed action in detail, analyzes its significant environmental impacts, discusses appropriate alternatives to the proposed action and their impacts, and explores methods by which adverse environmental impacts of an action could be mitigated. The environmental impact statement shall also analyze those economic, employment, and sociological effects that cannot be avoided should the action be implemented. To ensure its use in the decision-making process, the environmental impact statement shall be prepared as early as practical in the formulation of an action.

(a) The board shall by rule establish categories of actions for which environmental impact statements and for which environmental assessment worksheets shall be prepared as well as categories of actions for which no environmental review is required under this section. A mandatory environmental assessment worksheet shall not be required for the expansion of an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b), or the conversion of an ethanol plant to a biobutanol facility or the expansion of a biobutanol facility as defined in section 41A.105, subdivision 1a, based on the capacity of the expanded or converted facility to produce alcohol fuel, but must be required if the ethanol plant or biobutanol facility meets or exceeds thresholds of other categories of actions for which environmental assessment worksheets must be prepared.

The responsible governmental unit for an ethanol plant or biobutanol facility project for which an environmental assessment worksheet is prepared shall be the state agency with the greatest responsibility for supervising or approving the project as a whole.

A mandatory environmental impact statement shall not be required for a facility or plant located outside the seven-county metropolitan area that produces less than 125,000,000 gallons of ethanol, biobutanol, or cellulosic biofuel annually, or produces less than 400,000 tons of chemicals annually, if the facility or plant is: an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b); a biobutanol facility, as defined in section 41A.105, subdivision 1a, clause (1); ~~or~~ a cellulosic biofuel facility, as defined in section 41A.10, subdivision 1, paragraph (d). A facility or plant that only uses a cellulosic feedstock to produce chemical products for use by another facility as a feedstock shall not be considered a fuel conversion facility as used in rules adopted under this chapter.

(b) The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet by publishing the notice in at least one newspaper of general circulation in the geographic area where the project is proposed, by posting the notice on a Web site that has been designated as the official publication site for publication of proceedings, public notices, and summaries of a political subdivision in which the project is proposed, or in any other manner determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30-day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit's decision on the need for an environmental impact statement shall be based on the environmental assessment worksheet and the comments received during the comment period, and shall be made within 15 days after the close of the comment period. The board's chair may extend the 15-day period by not more than 15 additional days upon the request of the responsible governmental unit.

(c) An environmental assessment worksheet shall also be prepared for a proposed action whenever material evidence accompanying a petition by not less than 100 individuals who reside or own property in the state, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions requesting the preparation of an environmental assessment worksheet shall be submitted to the board. The chair of the board shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet shall be made by the responsible governmental unit within 15 days after the petition is received by the responsible governmental unit. The board's chair may extend the 15-day period by not more than 15 additional days upon request of the responsible governmental unit.

(d) Except in an environmentally sensitive location where Minnesota Rules, part 4410.4300, subpart 29, item B, applies, the proposed action is exempt from environmental review under this chapter and rules of the board, if:

(1) the proposed action is:

(i) an animal feedlot facility with a capacity of less than 1,000 animal units; or

(ii) an expansion of an existing animal feedlot facility with a total cumulative capacity of less than 1,000 animal units;

(2) the application for the animal feedlot facility includes a written commitment by the proposer to design, construct, and operate the facility in full compliance with Pollution Control Agency feedlot rules; and

(3) the county board holds a public meeting for citizen input at least ten business days prior to the Pollution Control Agency or county issuing a feedlot permit for the animal feedlot facility unless another public meeting for citizen input has been held with regard to the feedlot facility to be permitted. The exemption in this paragraph is in addition to other exemptions provided under other law and rules of the board.

(e) The board may, prior to final approval of a proposed project, require preparation of an environmental assessment worksheet by a responsible governmental unit selected by the board for any action where environmental review under this section has not been specifically provided for by rule or otherwise initiated.

(f) An early and open process shall be utilized to limit the scope of the environmental impact statement to a discussion of those impacts, which, because of the nature or location of the project, have the potential for significant environmental effects. The same process shall be utilized to determine the form, content and level of detail of the statement as well as the alternatives which are appropriate for consideration in the statement. In addition, the permits which will be required for the proposed action shall be identified during the scoping process. Further, the process shall identify those permits for which information will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The determinations reached in the process shall be incorporated into the order requiring the preparation of an environmental impact statement.

(g) The responsible governmental unit shall, to the extent practicable, avoid duplication and ensure coordination between state and federal environmental review and between environmental review and environmental permitting. Whenever practical, information needed by a governmental unit for making final decisions on permits or other actions required for a proposed project shall be developed in conjunction with the preparation of an environmental impact statement. When an environmental impact statement is prepared for a project requiring multiple permits for which two or more agencies' decision processes include either mandatory or discretionary hearings before a hearing officer prior to the agencies' decision on the permit, the agencies may, notwithstanding any law or rule to the contrary, conduct the hearings in a single consolidated hearing process if requested by the proposer. All agencies having jurisdiction over a permit that is included in the consolidated hearing shall participate. The responsible governmental unit shall establish appropriate procedures for the consolidated hearing process, including procedures to ensure that the consolidated hearing process is consistent with the applicable requirements for each permit regarding the rights and duties of parties to the hearing, and shall utilize the earliest applicable hearing procedure to initiate the hearing. The procedures of section 116C.28, subdivision 2, apply to the consolidated hearing.

(h) An environmental impact statement shall be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact statement. If an environmental impact statement is found to be inadequate,

the responsible governmental unit shall have 60 days to prepare an adequate environmental impact statement.

(i) The proposer of a specific action may include in the information submitted to the responsible governmental unit a preliminary draft environmental impact statement under this section on that action for review, modification, and determination of completeness and adequacy by the responsible governmental unit. A preliminary draft environmental impact statement prepared by the project proposer and submitted to the responsible governmental unit shall identify or include as an appendix all studies and other sources of information used to substantiate the analysis contained in the preliminary draft environmental impact statement. The responsible governmental unit shall require additional studies, if needed, and obtain from the project proposer all additional studies and information necessary for the responsible governmental unit to perform its responsibility to review, modify, and determine the completeness and adequacy of the environmental impact statement."

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2013 Supplement, section 127A.70, subdivision 2, is amended to read:

Subd. 2. **Powers and duties; report.** (a) The partnership shall develop recommendations to the governor and the legislature designed to maximize the achievement of all P-20 students while promoting the efficient use of state resources, thereby helping the state realize the maximum value for its investment. These recommendations may include, but are not limited to, strategies, policies, or other actions focused on:

(1) improving the quality of and access to education at all points from preschool through graduate education;

(2) improving preparation for, and transitions to, postsecondary education and work; ~~and~~

(3) ensuring educator quality by creating rigorous standards for teacher recruitment, teacher preparation, induction and mentoring of beginning teachers, and continuous professional development for career teachers; and

(4) realigning the governance and administrative structures of early education, kindergarten through grade 12, and postsecondary systems in Minnesota.

(b) Under the direction of the P-20 Education Partnership Statewide Longitudinal Education Data System Governance Committee, the Office of Higher Education and the Departments of Education and Employment and Economic Development shall improve and expand the Statewide Longitudinal Education Data System (SLEDS) to provide policymakers, education and workforce leaders, researchers, and members of the public with data, research, and reports to:

(1) expand reporting on students' educational outcomes;

(2) evaluate the effectiveness of educational and workforce programs; and

(3) evaluate the relationship between education and workforce outcomes.

To the extent possible under federal and state law, research and reports should be accessible to the public on the Internet, and disaggregated by demographic characteristics, organization or organization characteristics, and geography.

It is the intent of the legislature that the Statewide Longitudinal Education Data System inform public policy and decision-making. The SLEDS governance committee, with assistance from staff of the Office of Higher Education, the Department of Education, and the Department of Employment and Economic Development, shall respond to legislative committee and agency requests on topics utilizing data made available through the Statewide Longitudinal Education Data System as resources permit. Any analysis of or report on the data must contain only summary data.

(c) By January 15 of each year, the partnership shall submit a report to the governor and to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over P-20 education policy and finance that summarizes the partnership's progress in meeting its goals and identifies the need for any draft legislation when necessary to further the goals of the partnership to maximize student achievement while promoting efficient use of resources."

"Subd. 18. **Oppressive.** (a) "Oppressive," with respect to an application brought by a member under section 322C.0701, subdivision 1, clause (5), item (ii), means conduct:

(1) engaged in by one or more:

(i) members in a member-managed limited liability company or who are otherwise in control of any limited liability company;

(ii) managers in a manager-managed limited liability company; or

(iii) governors of a board-managed limited liability company;

(2) that occurs with respect to the applicant member's capacity as:

(i) a member, manager, or governor of a limited liability company; or

(ii) an employee of a limited liability company with 35 or fewer members; and

(3) that is unfairly prejudicial to the applicant member in a capacity listed in clause (2), because the conduct frustrated an expectation of the applicant member that:

(i) is reasonable in light of the reasonable expectations of the other members;

(ii) was material to the applicant's decision to become a member of the limited liability company or for a substantial time has been material during the member's continuing membership;

(iii) was known to other members or that the other members had reason to know; and

(iv) is not contrary to the operating agreement as applied consistently with the contractual obligation of good faith and fair dealing under section 322C.0409, subdivision 4.

(b) For the purposes of paragraph (a), conduct:

(1) includes words, action, inaction, and any combination of words, action, or inaction; and

(2) is not oppressive solely by reason of a good faith disagreement as to the content, interpretation, or application of the company's operating agreement."
