Section 1. **FINANCIAL REVIEW OF GRANT AND BUSINESS SUBSIDY RECIPIENTS.**

Subdivision 1. **Definitions.** (a) As used in this section, the following terms have the meanings given.

(b) "Grant" means a grant or business subsidy funded by an appropriation in this act.

(c) "Grantee" means a business entity as defined in Minnesota Statutes, section 5.001.

Subd. 2. **Financial information required; determination of ability to perform.** Before an agency awards a competitive, legislatively named, single-source, or sole-source grant, the agency

must assess the risk that a grantee cannot or would not perform the required duties. In making this assessment, the agency must review the following information:

(1) the grantee's history of performing duties similar to those required by the grant, whether the size of the grant requires the grantee to perform services at a significantly increased scale, and whether the size of the grant will require significant changes to the operation of the grantee's organization;

(2) for a grantee that is a nonprofit organization, the grantee's Form 990 or Form 990-EZ filed with the Internal Revenue Service in each of the prior three years. If the grantee has not been in existence long enough or is not required to file Form 990 or Form 990-EZ, the grantee must demonstrate to the grantor's satisfaction that the grantee is exempt and must instead submit the grantee's most recent board-reviewed financial statements and documentation of internal controls;

(3) for a for-profit business, three years of federal and state tax returns, current financial statements, certification that the business is not under bankruptcy proceedings, and disclosure of any liens on its assets. (6) certification, provided by the grantee, that none of its principals have been convicted of a financial crime.

Subd. 3. **Additional measures for some grantees.** The agency may require additional information and must provide enhanced oversight for grants that have not previously received state or federal grants for similar amounts or similar duties and so have not yet demonstrated the ability to perform the duties required under the grant on the scale required.

Subd. 4. **Assistance from administration.** An agency without adequate resources or experience to perform obligations under this section may contract with the commissioner of administration to perform the agency's duties under this section.

Subd. 5. **Agency authority to not award grant.** If an agency determines that there is an appreciable risk that a grantee receiving a competitive, single-source, or sole-source grant cannot or would not perform the required duties under the grant agreement, the agency must notify the grantee and the commissioner of administration and give the grantee an opportunity to respond to the agency's concerns. If the grantee does not satisfy the agency's concerns within 45 days, the agency must not award the grant.

Subd. 6. **Legislatively named grantees.** If an agency determines that there is an appreciable risk that a grantee receiving a legislatively named grant cannot or would not perform the required duties under the grant agreement, the agency must notify the grantee, the commissioner of administration, the chair and ranking minority member of the Ways and Means Committee in the

house of representatives, the chair and ranking minority member of the Finance Committee in the senate, and the chairs and ranking minority members of the committees in the house of representatives and the senate with primary jurisdiction over the bill in which the money for the grant was appropriated. The agency must give the grantee an opportunity to respond to the agency's concerns. If the grantee does not satisfy the agency's concerns within 45 days, the agency must delay award of the grant until adjournment of the next regular or special legislative session.

Subd. 7. **Subgrants.** If a grantee will disburse the money received from the grant to other organizations to perform duties required under the grant agreement, the agency must be a party to agreements between the grantee and a subgrantee. (2) reasonable estimates of any negotiated price concessions, fees, and other administrative costs that are passed through, or are reasonably anticipated to be passed through, to the insurer and serve to reduce the insurer's liabilities for a prescription drug.

Subd. 2. **Decrease in cost sharing.** An enrollee's defined cost sharing for each prescription drug shall be calculated at the point of sale based on a price that is reduced by an amount equal to 100 percent of all rebates received, or to be received, in connection with the dispensing or administration of the prescription drug.

person, corporation, partnership, or entity to cease and desist from engaging in the act or practice that constitutes the violation; and

(2) impose a monetary penalty of not more than \$1,000 for each violation of this section, but not to exceed an aggregate penalty of \$10,000.

Subd. 5. **Permissible state regulation.** In implementing the requirements of this section, the state shall only regulate an insurer to the extent permissible under applicable law.

Subd. 6. **Confidentiality.** In complying with the provisions of this section, an insurer or its agents shall not publish or otherwise reveal information regarding the actual amount of rebates an insurer receives on a product, manufacturer, or pharmacy-specific basis. Such information is protected as a trade secret, is not a public record under chapter 13, and shall not be disclosed directly or indirectly, or in a manner that would allow for the identification of an individual product, therapeutic class of products, or manufacturer, or in a manner that would have the potential to compromise the financial, competitive, or proprietary nature of the information. An insurer shall impose the confidentiality protections and requirements of this section on any agent or downstream third party that performs health care or administrative services on behalf of the insurer that may receive or have access to rebate information."

Subd. 4a. **Level III offenders; location of residence.** (a) When an offender assigned to risk level III is released from confinement or a residential facility to reside in the community or changes residence while on supervised or conditional release, the agency responsible for the offender's supervision shall:

(1) take into consideration the proximity of the offender's residence to that of other level III offenders and;

If the owner or property manager has an agreement with an agency to provide housing to domestic abuse victims and discovers or is informed that a tenant is a level III offender after signing a lease or otherwise renting to the offender, the owner or property manager may evict the offender.

(c) Notwithstanding any contrary provision of this section, chapter 253B or 253D, or any other law, a local governmental unit may, by ordinance, place reasonable residency location restrictions on level III offenders who have committed offenses involving children and who are on supervised or conditional release or provisional discharge under chapter 253D. A restriction must be narrowly tailored to address the risk posed based on the pattern of offending behavior and may not completely preclude the placement of an offender in the community. In addition, a restriction may not apply to placements at a location where an offender receives treatment or where the location is owned, leased, or operated by or on behalf of the state or federal government.

Sec. 5. [244.40] RELEASE OF INMATES; RESIDENCE PROXIMITY TO VICTIMS.

(a) When a person is released from prison to reside in the community while under supervised or conditional release, the agency responsible for the person's supervision, in consultation with the commissioners of corrections and public safety, shall:

(1) take into consideration the proximity of the person's residence to those of individuals who have been victimized by crime in the past; and

(2) to the greatest extent feasible, mitigate the concentration of released persons to crime victims where the person's past documented conduct or pattern of offending indicates that the person might conceivably target the crime victim.

(b) This section applies only to situations in which the housing for the person being released from prison, the housing for the crime victim, or both, is paid for, in whole or in part, pursuant to a federal, state, or local appropriation or a grant awarded from such an appropriation."

Page 173, after line 6, insert:

"ARTICLE 14**GRANT REQUIREMENTS****Section 1. FINANCIAL REVIEW OF GRANT AND BUSINESS SUBSIDY RECIPIENTS.**

Subdivision 1. **Definitions.** (a) As used in this section, the following terms have the meanings given.

(b) "Grant" means a grant or business subsidy funded by an appropriation in this act.

(c) "Grantee" means a business entity as defined in Minnesota Statutes, section 5.001.

Subd. 2. **Financial information required; determination of ability to perform.** Before an agency awards a competitive, legislatively-named, single source, or sole source grant, the agency must assess the risk that a grantee cannot or would not perform the required duties. In making this assessment, the agency must review the following information:

(1) the grantee's history of performing duties similar to those required by the grant, whether the size of the grant requires the grantee to perform services at a significantly increased scale, and whether the size of the grant will require significant changes to the operation of the grantee's organization;

(2) for a grantee that is a nonprofit organization, the grantee's Form 990 or Form 990-EZ filed with the Internal Revenue Service in each of the prior three years. If the grantee has not been in existence long enough or is not required to file Form 990 or Form 990-EZ, the grantee must demonstrate to the grantor's satisfaction that the grantee is exempt and must instead submit the grantee's most recent board-reviewed financial statements and documentation of internal controls;

(3) for a for-profit business, three years of federal and state tax returns, current financial statements, certification that the business is not under bankruptcy proceedings, and disclosure of any liens on its assets. If a business has not been in business long enough to have three years of tax returns, the grantee must demonstrate to the grantor's satisfaction that the grantee has appropriate internal financial controls;

(4) evidence of registration and good standing with the secretary of state under Minnesota Statutes, chapter 317A, or other applicable law;

(5) if the grantee's total annual revenue exceeds \$750,000, the grantee's most recent financial audit performed by an independent third party in accordance with generally accepted accounting principles; and

(6) certification, provided by the grantee, that none of its principals have been convicted of a financial crime.

Subd. 3. **Additional measures for some grantees.** The agency may require additional information and must provide enhanced oversight for grants that have not previously received state or federal grants for similar amounts or similar duties and so have not yet demonstrated the ability to perform the duties required under the grant on the scale required.

Subd. 4. **Assistance from administration.** An agency without adequate resources or experience to perform obligations under this section may contract with the commissioner of administration to perform the agency's duties under this section.

Subd. 5. **Agency authority to not award grant.** If an agency determines that there is an appreciable risk that a grantee receiving a competitive, single source, or sole source grant cannot or would not perform the required duties under the grant agreement, the agency must notify the grantee and the commissioner of administration and give the grantee an opportunity to respond to the agency's concerns. If the grantee does not satisfy the agency's concerns within 45 days, the agency must not award the grant.

Subd. 6. **Legislatively-named grantees.** If an agency determines that there is an appreciable risk that a grantee receiving a legislatively-named grant cannot or would not perform the required duties under the grant agreement, the agency must notify the grantee, the commissioner of administration, and the chair and ranking minority members of Ways and Means Committee in the house of representatives, the chairs and ranking minority members of the Finance Committee in the senate, and the chairs and ranking minority members of the committees in the house of representatives and the senate with primary jurisdiction over the bill in which the money for the grant was appropriated. The agency must give the grantee an opportunity to respond to the agency's concerns. If the grantee does not satisfy the agency's concerns within 45 days, the agency must delay award of the grant until adjournment of the next regular or special legislative session.

Subd. 7. **Subgrants.** If a grantee will disburse the money received from the grant to other organizations to perform duties required under the grant agreement, the agency must be a party to agreements between the grantee and a subgrantee. Before entering agreements for subgrants, the agency must perform the financial review required under this section with respect to the subgrantees.

Subd. 8. **Effect.** The requirements of this section are in addition to other requirements imposed by law, the commissioner of administration under Minnesota Statutes, sections 16B.97 to 16B.98, or agency grant policy."

The board must inform the commissioner of human services of the adoption of any rules under this section. The commissioner of human services must inform the board and revisor of statutes whenever the commissioner determines that compliance with a rule adopted by the board will not result in an increase in the estimated costs of any nursing facility. If an appropriation funding a workforce standards compliance add-on under section 256R.491 corresponding to an adopted rule is not enacted, the adopted rule is not effective."

"Sec. 10. Minnesota Statutes 2022, section 256R.25, is amended to read:

256R.25 EXTERNAL FIXED COSTS PAYMENT RATE.

(a) The payment rate for external fixed costs is the sum of the amounts in paragraphs (b) to ~~(p)~~ (p).

(b) For a facility licensed as a nursing home, the portion related to the provider surcharge under section 256.9657 is equal to \$8.86 per resident day. For a facility licensed as both a nursing home and a boarding care home, the portion related to the provider surcharge under section 256.9657 is equal to \$8.86 per resident day multiplied by the result of its number of nursing home beds divided by its total number of licensed beds.

(c) The portion related to the licensure fee under section 144.122, paragraph (d), is the amount of the fee divided by the sum of the facility's resident days.

(d) The portion related to development and education of resident and family advisory councils under section 144A.33 is \$5 per resident day divided by 365.

(e) The portion related to scholarships is determined under section 256R.37.

(f) The portion related to planned closure rate adjustments is as determined under section 256R.40, subdivision 5, and Minnesota Statutes 2010, section 256B.436.

(h) The portion related to single-bed room incentives is as determined under section 256R.41.

(i) The portions related to real estate taxes, special assessments, and payments made in lieu of real estate taxes directly identified or allocated to the nursing facility are the allowable amounts divided by the sum of the facility's resident days. Allowable costs under this paragraph for payments made by a nonprofit nursing facility that are in lieu of real estate taxes shall not exceed the amount which the nursing facility would have paid to a city or township and county for fire, police, sanitation services, and road maintenance costs had real estate taxes been levied on that property for those purposes.

(j) The portion related to employer health insurance costs is the allowable costs divided by the sum of the facility's resident days.

(k) The portion related to the Public Employees Retirement Association is the allowable costs divided by the sum of the facility's resident days.

(l) The portion related to quality improvement incentive payment rate adjustments is the amount determined under section 256R.39.

(m) The portion related to performance-based incentive payments is the amount determined under section 256R.38.

(n) The portion related to special dietary needs is the amount determined under section 256R.51.

(o) The portion related to the rate adjustments for border city facilities is the amount determined under section 256R.481.

(p) The portion related to the workforce standards compliance rate add-on is the amount determined under section 256R.491.

Sec. 11. **[256R.491] WORKFORCE STANDARDS COMPLIANCE ADD-ON.**

Subdivision 1. **Method for determining the workforce standards compliance add-on.** For any minimum nursing home employment standard approved by the Minnesota Nursing Home Workforce Standards Board under section 181.213, the commissioner must estimate each facility's increased medical assistance costs in relation to complying with the new employment standard. The estimate must be facility-specific and based on information provided to the commissioner in a form and manner determined by the commissioner about current wage rates at each facility. When determining the facility-specific medical assistance costs to comply with the standard, the commissioner must include all of the following estimated medical assistance costs that would result from the implementation of the standard:

(1) the employer's increased costs related to wages;

(2) the employer's share of FICA taxes, Medicare taxes, state and federal unemployment taxes, workers' compensation, pensions, and contributions to employee retirement accounts cost increases attributable to a standard; and

(3) the employer's indirect costs as defined by the Minnesota Nursing Home Workforce Standards Board.

Subd. 2. **Application of the workforce standards compliance add-on.** If and only if an appropriation is made for this purpose, the commissioner must include a facility-specific workforce standards compliance add-on as determined in subdivision 1 in each facility's payment rate for external fixed costs. The commissioner must include the add-on beginning on the first day of the month prior to the month in which the standard will be implemented. If an appropriation funding an add-on under this section is not enacted, the commissioner must not include an add-on in a facility's payment rate for external fixed costs. If the legislature does not approve an appropriation under this section, then the new standard approved by the board cannot take effect.

Subd. 3. **Expiration of workforce standards compliance add-ons.** A rate add-on to facilities' payment rate for external fixed costs expires on the first of the year following the period when the operating rates determined under section 256R.21, subdivision 4, fully covers the employer's increased costs to comply with the standard for which the add-on was given.

Subd. 4. **Spending requirements.** (a) To be eligible to receive a payment under this section, a nursing facility must attest to the commissioner of human services that the workforce standards compliance add-on will be used exclusively to implement the minimum nursing home employment standard for which the add-on was given.

(b) A facility that receives a rate add-on under this section must complete a distribution plan in the form and manner determined by the commissioner. This plan must specify the total amount of money the facility is estimated to receive from the rate add-on and how that money will be distributed to increase costs related to complying with the standard for which the add-on was given. The commissioner may review the distribution plan to ensure that the add-on is used in accordance with

this section. The commissioner may allow for a distribution plan amendment under exceptional circumstances to be determined at the sole discretion of the commissioner.

(c) A facility that receives a rate increase under this section must post the distribution plan summary and leave it posted for a period of at least six months in an area of the facility to which all employees have access. The posted distribution plan summary must be in the form and manner determined by the commissioner. The distribution plan summary must include instructions regarding how to contact the commissioner or the commissioner's representative if an employee believes the employer has not used the add-on to comply with the standards for which the add-on was given. The instruction to such employees must include the email address and telephone number that may be used by the employee to contact the commissioner's representative. The posted distribution plan summary must demonstrate how the add-on received by the nursing facility will be used in full to comply with the standard for which the add-on was given.

(d) If a nursing facility expends less on compliance costs than the amount made available by the rate add-on in this section for that purpose, the amount of this rate add-on must be reduced to equal the amount utilized by the facility for purposes authorized under this section. If the facility fails to post the distribution plan summary in its facility as required, fails to submit its distribution plan to the commissioner by the due date, or uses these funds for unauthorized purposes, these rate increases must be treated as an overpayment and subsequently recovered.

(e) The commissioner must not treat payments received under this section as an applicable credit for purposes of setting total payment rates under this chapter.

Subd. 5. **Forecast treatment of adopted workforce standards.** The budget and economic forecasts completed under section 16A.103 must not assume an increase in payment rates determined under this chapter resulting from the adoption by the Minnesota Nursing Home Workforce Standards Board of rules for new employment standards until the commissioner determines under subdivision 1 that facilities would qualify for an add-on under this section and the legislature appropriates funding for the increase in payment rates."
